AUTHORSERVICES
Supporting Taylor & Francis authors

Taylor & Francis and EIFL Open Access agreement: participating journals

Please find below a list of all Taylor & Francis journals offering discounted or waived article publishing charges (APCs) to EIFL network countries. Find out more about how you can publish open access using the EIFL APC agreement on our Author Services website.

Please note that APCs are not payable for articles published in Diamond journals, which are highlighted bold in this list.

Food and Agricultural Immunology
Biomaterial Investigations in Dentistry
Artificial Cells, Nanomedicine, and Biotechnology
Annals of Medicine
Acta Oto-Laryngologica Case Reports
Case Reports in Plastic Surgery and Hand Surgery
Computer Assisted Surgery
Drug Delivery
Journal of Enzyme Inhibition and Medicinal Chemistry
International Journal of Hyperthermia
Journal of Immunotoxicology
Journal of Drug Assessment
Journal of Medical Economics
Pharmaceutical Biology
Scandinavian Journal of Primary Health Care
Renal Failure
Adipocyte
Bioengineered
Cell Adhesion & Migration
Channels
Communicative & Integrative Biology
GM Crops & Food
Gut Microbes
Health Systems & Reform
mAbs
Nucleus
OncoImmunology
Prion
Virulence
International Journal of Food Properties
Journal of Integrative Environmental Sciences
Mathematical and Computer Modelling of Dynamical Systems
Cogent Arts & Humanities
Cogent Business & Management
Cogent Education

Cogent Economics & Finance
Cogent Engineering
Sustainable Environment
Cogent Food & Agriculture
RMS: Research in Mathematics & Statistics
Cogent Medicine
Cogent Psychology
Cogent Social Sciences
Social Influence
International Journal of Adolescence and Youth
Baltic Journal of Economics
Church, Communication and Culture
Comparative Literature: East & West
Development Studies Research
Journal of Applied Economics
Economic Research-Ekonomska Istrazivanja
Global Bioethics
Global Security: Health, Science and Policy
Higher Education Pedagogies
Health Psychology and Behavioral Medicine
Policy and Society
Policy Design and Practice
Journal for Peace and Nuclear Disarmament
Research in Hospitality Management
Regional Studies, Regional Science
Urban, Planning and Transport Research
Journal of Applied Animal Research
Journal of Asian Ceramic Societies
Annals of GIS
Advances in Physics: X
International Biomechanics
International Journal of Biobased Plastics
Biotechnology & Biotechnological Equipment
Ecosystems and People
Engineering Applications of Computational Fluid Mechanics
Child and Adolescent Obesity
Environmental Pollutants and Bioavailability
CyTA - Journal of Food
Designed Monomers and Polymers
European Journal of Remote Sensing
Fuzzy Information and Engineering
All Life
Forensic Sciences Research
Green Chemistry Letters and Reviews
All Earth

Geology, Ecology, and Landscapes
Geomatics, Natural Hazards and Risk
Geo-spatial Information Science
Immunological Medicine
The European Zoological Journal
Italian Journal of Animal Science
Journal of Biological Dynamics
Journal of Experimental Nanoscience
Journal of Freshwater Ecology
Journal of Information Display
Journal of Information and Telecommunication
NJAS: Impact in Agricultural and Life Sciences
Journal of Maps
Journal of Plant Interactions
Journal of Responsible Innovation
Liquid Crystals Today
Mitochondrial DNA Part B
Materials Research Letters
Mycology
Neotropical Biodiversity
Kōtuitui: New Zealand Journal of Social Sciences Online
Production & Manufacturing Research
Journal of International Maritime Safety, Environmental Affairs, and Shipping
International Journal of Smart and Nano Materials
Systems Science & Control Engineering
International Journal of Sustainable Engineering
Sustainability: Science, Practice and Policy
Tapuya: Latin American Science, Technology and Society
Toxicology Communications
Veterinary Quarterly
Data Science in Science
Journal of Statistics and Data Science Education
RMLE Online
International Journal of Optomechatronics
International Journal of Fruit Science
Advanced Manufacturing: Polymer & Composites Science
Hematology
Nanocomposites
Redox Report
STAR: Science & Technology of Archaeological Research
Education Inquiry
Ethics & Global Politics
Infection Ecology & Epidemiology
Journal of Aesthetics & Culture
Journal of Oral Microbiology
